

Notes:

This is a dual lighted switch. Both lights in this switch are wired to be independent of the switch operation.

---

*This is the basic layout of the switch per the manufacturer's guidelines. IMPORTANT-- Care should be taken to ensure that you, the vehicle or equipment's owner, and your professional installer have properly fused, wired, and relayed your accessories per the manufacturer's instructions. Alba Racing takes no responsibility for damage, accidents or injuries resulting from the installation.*
